Lee Edgelee... [avorite in the Northwest—and everywhere—because it's made of super-fine imported fur and because of its distinctive good books. The costly handdetailed brine edge says "quality." And the Edgelee... like all Lee Hats... is DuPont "Aridex" treated... for water repellency and shape retention. 812.50

Lee Handlee...first became popular with the busy executives in the Northeastand is now important in other metropolitan areas throughout the country. The conservative good looks of this handsomely pre-creased hat are a real business asset. Made of extra-fine imported and domestic furu, in new, deep shades for fall, \$15

Lee Trail...the hat for the man who likes those wide open spaces. Crafted of specially selected lightweight imported and domestic furn...sitched throughout with 100% pure nybon thread. Light...and easy to wear. Just as easy to look at! Made —as are all Lee Hats—with exclusive Lee comfort cushion leather hand. \$10

Lee Town & Country...is the best bet of the year...with an air of Southeastern sophistication. Everything about this hat is new! Look at that new brin-width... that new tapered crown...that new narrow hand. In a carefully selected set of good-looking new colors-green, blue and brown-to go with every fall outfit, \$10.

It's a big country. There are lots of places and lots of different kinds of faces—that make up America,
